

Prokofiev Piano Sonatas Vol. 3  
SOMM Records SOMMCD 259

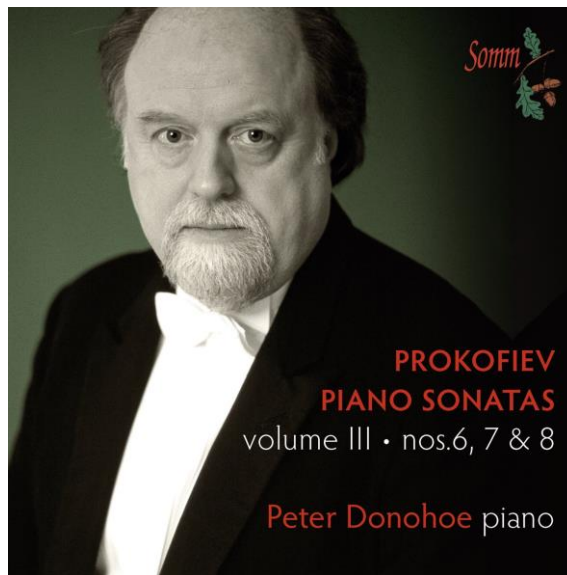

THE  
BIRMINGHAM POST

"Donohoe's broader pace is epic in scale... Donohoe delivers the blood and thunder but also the idyllic musical landscapes which suddenly appear... Donohoe ensures they sound that way. **Masterly playing and first rate recording – highly recommended.**"

THE TIMES

"One feels a **profundity of thought** behind these interpretations - a lifetime's pondering, indeed - and they fly from the page all the more freely for that. No 7's quiet and **precipitous brilliance is beautifully exemplified**, and the tensely Magisterial No 8's cross-cutting of speeds **deftly contrived.**"

"An unbeatable disc... These masterly performances by Peter Donohoe are a formidable achievement bringing many insights and subtleties as well as **power, authority and impressive musicianship.**"

Cross-Eyed Pianist

"There is a **wonderful immediacy** to Donohoe's playing combined with vibrant **pianistic colour, sprightly articulation, technical assuredness and musical authority** which runs through every note. An **impressive conclusion** to the cycle."
